

src/composition/include  
/fourdst/composition/exceptions  
/exceptions\_composition.h

```
graph TD; A["src/composition/include  
/fourdst/composition/exceptions  
/exceptions_composition.h"] --> B[exception]; A --> C[string]; A --> D[utility];
```

The diagram illustrates a header file structure. A top box contains the path 'src/composition/include /fourdst/composition/exceptions /exceptions\_composition.h'. Three blue arrows originate from the bottom of this box and point to three separate boxes below: 'exception', 'string', and 'utility'.

exception

string

utility
