

src/composition/include
/fourdst/atomic/elements.h

```
graph TD; A["src/composition/include  
/fourdst/atomic/elements.h"] --> B["unordered_map"]; A --> C["cstdint"]; A --> D["string"];
```

The diagram illustrates the dependencies of the header file `src/composition/include/fourdst/atomic/elements.h`. Three blue arrows point from the header file box to three separate boxes below it, representing the headers it includes: `unordered_map`, `cstdint`, and `string`.

`unordered_map`

`cstdint`

`string`
